FREESTANDING

DIANHỖDRO®

Vasche Freestanding Dianhydro

Le nostre vasche freestanding sapranno donare alla sala da bagno quel tocco di originalità in grado di esaltarne l'arredamento, oltre ad assicurare il relax totale. A differenza di una classica vasca da incasso, la freestanding è una vasca indipendente e autoportante, rifinita su tutti i lati; funziona come una qualsiasi vasca comune, con l'unica differenza che è a libera installazione.

Stile e praticità in un'unica, comoda soluzione.
